

CUSTOMER EXPERIENCE:

# SAUCON VALLEY COUNTRY CLUB

## A TRADITION OF EXCELLENCE

Spanning 850 acres, Saucon Valley Country Club is known for its expansive golf courses, outdoor dining venues, and exceptional recreational facilities. Named **one of the top 100 most prestigious private clubs in the world** by LINKS Magazine, they take pride in being a haven for its members, as they have since they were founded 100 years ago. Their secret to success? **Stellar amenities and white glove service.**

## SERVICE WORTH CELEBRATING

As a business that prides themselves on their exceptional service, it is crucial for Saucon Valley Country Club to have an excellent telecommunications partner to back them up. **That's why they chose ET&T** to take over the servicing of their Mitel MiVoice Office 250 Converged Platform, a system that is scalable and has features such as Meet Me Conferencing and Unified Voice Messaging.

Since then, they have been **impressed with the punctuality** of our technicians, as well as ET&T's **wealth of technology knowledge**. They've been so happy with our service that they've **recommended us to Upper Saucon Police**, who are now satisfied customers. They've indicated that they would gladly **recommend us to anyone**, and are appreciative of the fact that we genuinely care about quality of service.

**Discover how ET&T can help with your voice, cyber, surveillance, security, and communication needs:**

Contact ET&T: 610-433-1000 or sales@et-t.com.

**“We're very happy with our service and would recommend you to anybody. Your technicians are always knowledgeable and on time.”**  
**-Jon Kametz, Director of Security & IT**
